"Solara a patio cover for ALL SEASONS"

SOLARA GIVES YOU PATIO COVER CONTROL

You control your ventilation with Solara

- The Solara Adjustable Patio Cover offers 100% shade while providing full ventilation!
- On hot days other patio covers let heat radiate on you as you try to enjoy your patio.
- By partially opening your Solara Patio Cover, you not only achieve great ventilation. (chimney effect) but it also shades you from the hot sun.

You control your sun or shade

- You control 98% - 0% of the sun with Solara.
- Do you want warm sun and more light (winter).
- Do you want cool shade and less glare (summer).
- Shaded, walls and glass are 300% less hot

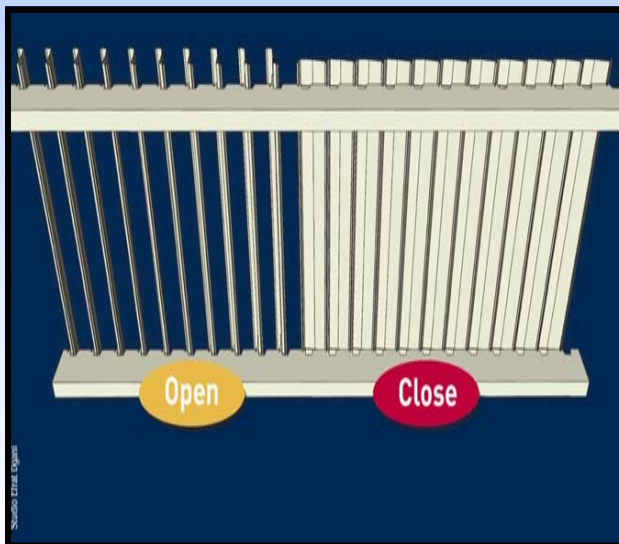

You control the elements with Solara

- When closed your Solara Patio Cover keeps 98% of the rain off furniture, grill, & pets.
- Your closed Solara Patio Cover will also help keep dirt, mud, and leaves from being tracked into your home.
- With your Solara Patio Cover closed the heavy duty rafters can be designed to carry the weight of snow and the uplift of wind.

SOLARA SAVES YOU MONEY

5 WAYS SOLAR SAVES YOU MONEY

1. Shading saves summer air-conditioning in your home.
2. Winter allows solar heat gained to save on heating bills.
3. Lets sunlight in to save on power bills all year long.
4. Protects patio furniture from sun rot and dirty rain.
5. Protects grills and other appliances from the harsh elements.

SOLARA GIVES YOU PATIO ENJOYMENT
